Mr. Kitzler stepped through the 2024 General Fund estimated revenue with the other members of the Commission. It was discussed that the estimate was very conservative and that it could be increased as the commission desired. The other members agreed that the estimate should not be changed until we have more concrete numbers.

Then next meeting of the Budget Commission will be held at 9:30 on 1/22/24.

Having no further business to conduct, the meeting was adjourned at 10:10.

Respectfully submitted,
